

Celanese Engineered Materials - Information on REACH Status

Status of Information: January 22nd, 2025

Celanese is aware of the obligations imposed by REACH on EU manufacturers and importers as well as on downstream users (Registration, Evaluation, Authorisation and Restriction of Chemicals, 1907/2006/EC).

We comply with the requirements of the REACH regulation with regards to our products sold in the EU, raw materials used in our European facilities, our own product imports as well as our obligations as a downstream user in the European chemical industry.

The products marketed by Celanese Engineered Materials are not directly subject to the registration requirements under REACH, as polymers are excluded from registration obligations. For products imported into the EU by Celanese and where relevant, monomers and polymer additives were successfully registered under REACH.

Substances of Very High Concern (SVHCs)

If an SVHC contained in a specific product exceeds the concentration limit given in the REACH regulation, article 31(3), this information needs to be stated on the European Safety Data Sheet (SDS).

Should an SVHC be identified in our products and an SDS update is required, Celanese will include this information in the respective European SDS.

The SDSs can be found at www.celanese.com

Certain grades of the following Celanese brands may contain SVHC at or above a concentration of 0.1% w/w:

Celanex®	Celanyl®	Celcon®	Celstran®	Coolpoly®	Crastin®	Ecomid®	Forflex®
Forprene®	Hostaform®	Hytrel®	Kepital®	Laprene®	Omnicarb®	Omnitech®	Pibifor®
Polifor®	Santoprene®	Sofprene®	Talcoprene®	Tecnoprene®	Vandar®	Vectra®	

We recommend that our customers always consult the latest version of a product's SDS to ensure that all conditions and requirements for safe use are taken into consideration.

Should you require additional product information, please contact your sales representative.

This assurance is accurate as of the date of issue based on the most recent version of any applicable regulations or standards unless otherwise stated above. We are providing this information at your request, and, as such, nothing in this letter should be deemed to be or construed as an amendment or modification of any terms and conditions of sale under any contract in place between Celanese Engineered Materials and you or any representation, guarantee, or warranty regarding such product and its characteristics, uses, suitability, safety, efficacy, hazards or health effects. Any liability or responsibility for such product shall be governed solely by, and any and all representations, guarantees, warranties regarding such product shall be solely as set forth in, the invoice or other contract for such shipments.
