

# Capilene<sup>®</sup> CT 80 A

## Polypropylene

### Food Contact Declaration - China Food Contact

#### GB4806.7-2023 - National Food Safety Standard: Food Contact Plastic Materials and Articles

The base resin in above-mentioned polypropylene grade complies with the relevant specifications mentioned in GB4806.7-2023, amending and replacing GB4806.6-2016, Appendix A, Table A.1, Resin No. 63, Polypropylene, unofficial translation issued on September 6<sup>th</sup>, 2023.

No monomer(s) with SML's are present in this base resin.

#### GB9685-2016 - National Food Safety Standard: Additives for use in Food Contact Materials and Articles

The additives used in this product comply with the requirement of "GB9685-2016 National Food Safety Standard: Additives for use in Food Contact Materials and Articles" unofficial translation issued on 2016-10-19.

There are additives of the above-mentioned polypropylene grade subject to a restriction:

China FCA No.	SML
0038	5.0 mg/kg

#### Production aid subject to a restriction:

SML (T) Group No.	Restricted substance	SML (T) mg/Kg
7	N,N-bis(2-hydroxyethyl)alkyl(C8-C18)amine	1.2 (Expressed as tertiary amine)

**Date issued: 03/12/2024 - Valid until 31/12/2025**

General Remark:

Regulation GB4806.7-2023 specifies additional Sensory, Physicochemical and technical requirements, migration testing and label identification which are not covered by this declaration.

It is the responsibility of the manufacturer of the finished plastic food contact article to check and confirm that the final article meets both the technical and regulatory requirements of the application. In addition, we remind you that the manufacturers of the finished food contact material or article must verify that the finished material or article, manufactured according to good manufacturing practices, does not modify the organoleptic properties of the food.

Any potential health risk in the final article should be assessed by the manufacturer in accordance with internationally recognized scientific principles on risk assessment.
