In response to your request, please find enclosed the regulatory declaration and/or product stewardship information statement(s) for the following product(s):

Geolast 701-70

These statements are provided by or on behalf of the above referenced ExxonMobil selling affiliate.

If you have any questions or need additional information please contact your ExxonMobil sales representative.

Enclosure(s):

Geolast 701-70 - ROHS

Geolast 701-70 - CONEG/WASTE PACKAGING

Geolast 701-70 - REACH CANDIDATE LIST

Reference Number: 0314341

STATEMENT

Issue Date: 29 MAY 2019
At request of: PLASTRIBUTION LTD
Product Name(s): Geolast 701-70
Material Code(s): 5214194

With regard to the compliance status of the ExxonMobil Chemical product referenced above with the regulation(s) identified below the following can be declared:

This product is in compliance with the relevant heavy metals, flame retardants and phthalates requirements of the following regulation:

Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (EEE), RoHs II – amended by Directive (EU) 2017/2102 of the European Parliament and of the Council of 15 November 2017 and including amendment of Annex II for restricted substances up to Commission delegated Directive (EU) 2015/863 of 31 March 2015 and amendments of Annex III and IV for exemptions up to Directive (EU) 2019/178 of 16 November 2018.

The concentrations of
the following heavy metals (lead, cadmium, mercury & hexavalent chromium)
flame retardants [polybrominated biphenyls (PBBs), polybrominated diphenyl ethers (PBDEs)]
the following phthalates [Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP), Diisobutyl phthalate (DIBP)]

in this product do not exceed 0.1% by weight for lead, mercury, hexavalent chromium, PBBs, PBDEs & phthalates and 0.01% by weight for cadmium. Traces levels of these substances may be present resulting from the specific characteristics of the raw materials and/or of the manufacturing process.

VALIDITY DATE: This document is valid until the next relevant legislative and/or regulatory change with a maximum of one year as of the date of issue of the statement.

With regard to the compliance of the ExxonMobil Chemical product referenced above with the regulation(s) identified below, the following can be declared:

Candidate List of Substances for Eventual Inclusion in Authorisation Process

On January 15th, 2019 the European Chemicals Agency (ECHA) added 6 new substances to the candidate list of substances for eventual inclusion on the Annex XIV List of Substances subject to Authorisation on its website. This brings the total number of Substances of Very High Concern (SVHC) on the Candidate List to 197.

Following ECHA's publication of the inclusion of an SVHC in the Candidate List according to Article 59(1) of REACH, additional information requirements may apply. They are based on the Article 31 (Safety Data Sheets) and on the Article 33 (Substances in articles) of REACH.

Based on analysis, the above product routinely contains >0.1 wt% of the components

EC No: 205-426-2
CAS number: 140-66-9
Substance name: 4-(1,1,3,3-tetramethylbutyl)phenol, (4-tert-Octylphenol)
EC no: 239-622-4
CAS number: 15571-58-1
Substance name: 2-ethylhexyl 10-ethyl-4,4-dioctyl-7-oxo-8-oxa-3,5-dithia-4-stannatetradecanoate (DOTE)
which appear on the Candidate List.

The Candidate List substances identified as being present in the above GEOLAST TPV product is identified in the relevant sections of the EU Safety Data Sheet in accordance with the requirements laid down in REACH Article 31.1c.

Article 33 further requires suppliers of articles to communicate information on substances in articles that are listed on the Candidate List.

Article 33.1 requires that any supplier of an article containing > 0.1wt% of a substance on the Candidate List shall provide the recipient of the article with sufficient information, available to the supplier, to allow safe use of the article including, as a minimum, the name of that substance.

Article 33.2 requires similar information to be provided to consumers upon request.

The information contained above is provided in good faith. No representations or warranties are made as to its completeness or accuracy. ExxonMobil will not be liable for any damages resulting from the use of or reliance on the information.

VALIDITY DATE: This document is valid until the next relevant

legislative and/or regulatory change with a maximum of one year as of the date of issue of the statement.
