
PRODUCT: Granic 1522

We confirm that the components of this product are certified by our suppliers for its use in the manufacture of plastic materials to come in contact with foodstuffs.

EC- Member States

- The components comply with the requirements pertaining to the COMMISSION REGULATION (EU) No 10/2011 of 14th January 2011 on plastic materials and articles intended to come into contact with food, ANNEX I, Table1, incl. subsequent amendments like the EU Commission Regulation: 1282/2011 (28.11.2011), 1183/2012 (30/11/2012), 202/2014 (03.03.2014), 174/2015 (05.02.2015), 1416/2016 (24.08.2016), 2017/752 (28.04.2017), 2018/79 (18.01.2018), 2018/213 (12.02.2018), 2018/831 (05.06.2018), 2019/37 (11.01.2019) and 2019/1338 (08.08.2019) apply to all EU-Member States.

(The normatives and the requirements of Europe Commission 2002/72/CE of 6 august 2002 and 2004/19/EC (1/3/2004), 2005/79/EC (18/11/2005), 2007/19/EC (2/4/2007), 2008/39/EC (6/3/2008) and (EC) No 975/2009 are repealed).

- In reference to article 3 of regulation (EC) N°1935/2004 concerning the generic product safety requirements of materials and articles intended to come into contact with foodstuffs: This product is manufactured in accordance with good manufacturing practice as outlined in Commission (EC) N° 2023/2006.

- Some components of the Granic product have specific migration limits (SML) regulated by COMMISSION REGULATION (EU) No 10/2011. For more information, please contact GESTORA CATALANA DE RESIDUOS, S.L.U (GCR Group).

The rules of the EU Directive 10/2011 include a limit of 10mg/dm² on the overall migration from finished plastics articles into food and it has to be controlled on the finished articles. Manufacturers of finished food contact articles as well as the industrial food packers have to make sure that these articles in their actual use are in compliance with the imposed specific and overall migration requirements.

USA -FDA

The components of above mentioned Granic, appear in the positive list of products accepted for the fabrication of packaging materials for food contact, as published by the Food and Drug Administration (USA) under regulation FDA 21 CFR.

Furthermore, this product is produced under conditions of good manufacturing practice as required by:

- **General provisions applicable to indirect food additives:** part 174.5(a)
- **Calcium carbonate:** parts 175.300 (resinous and polymeric coatings), 178.3297 (colorants for polymers)
