

Plastribution
Att. Mr. Bennett,

PRODUCT: Granic 2042

Regarding the Japan MHLW Positive List published on Apr 28th, 2020 and according to information provided by our main polymer suppliers, GCR informs you that:

- The base resin of the polymeric part in the above mentioned product is listed in the Positive List of Base Polymers.

However, one or more additives used in the manufacturing of the polymer content in the above mentioned product, has/have restrictions in coating applications.

This evaluation is based on information provided by our main polymer suppliers in reference to comply with this request.

This document expires one year after the date of issue or if an update occurs sooner.
