

DECLARATION LETTER

Plastribution
Att. Mr. Bennett,

PRODUCT: Granic 2042

GCR informs you that, to the best of its knowledge and according to information provided by our main suppliers, the olefin polymer and mineral belonging to the above mentioned products are in compliance with:

GMC/RES. No.	Description
39/19	Positive List of Additives for the elaboration of Plastic Materials and Polymeric Coatings to come in contact with foodstuffs.
02/12	Technical Regulation on Positive List of Monomers, other starting substances and polymers authorized for the manufacturer of food contact plastic packaging and equipment.

*The components of above mentioned product are not classified as CMR (carcinogen, mutagen or Toxic for reproduction) by European Regulation (EC) N° 1272/2008 and no substances classified as CMR are added to this grade. This product is manufactured according to good manufacturing practices.

Specific Migration Limits (SML) for certain substances of the above mentioned product, are imposed by GMC/RES. No. 39/19 and/or 02/12 resolution.

Moreover, end-use article manufacturers using the above product/s for the fabrication of finished products (materials/articles) intended to come into contact with food are responsible for and must comply with all relevant food contact restrictions/limitations as set forth in MERCOSUR Resolutions above mentioned as well as all applicable regulations. Further, it is the responsibility of the end-use article manufacturers to ensure that the article is appropriate for its intended food-contact use, and that its use does not cause adulteration of food.

GCR, to the best of its knowledge, believes that the information provided above is accurate and correct, based on the sources available at the time of writing.

This document expires one year after the date of issue or if an update occurs sooner.
