

PRODUCT: Granic 535

GCR informs you, according to the published lists under the Food Sanitation Act, Article 18, Section 3, that the components of the above-mentioned product (if applicable) are according to:

Positive List (PL) in Japan

- The polymeric part in the above-mentioned product is listed in the Positive List of Base Polymers. (Appendix 1, Table 1 of the "Standards for the utensils or containers and packaging or the raw materials, amended on June 1st, 2025 under Food Sanitation Act, Article 18, Section 3).
- The dosage(s) of additive(s) are below the maximum level of use specified in the Positive List of the additives, (Appendix 1, Table 2 of the "Standards for the utensils or containers and packaging or the raw materials, amended on June 1st, 2025 under Food Sanitation Act, Article 18, Section 3)

Please note that any inorganic additives and fillers have been removed from the positive list as of June the 1st, 2025.

Furthermore, the polymeric part of the above-mentioned product (through the CAS number) might have additional limitations to use as the food contact material under the announcement below (please refer to the "Information of Limitation to Use" below).

○ Information of Limitation to Use:

Food types					Maximum temperature	Group	Remarks
Acidic	Oily	Milk and	Alcoholic	Others	I. ≤70°C		
	and	milk	beverage		II. ≤100°C		
	fatty	product			III. ≥101°C		
○	○	○	○	○	III	2, 5	1-アルケンは1種類以上使用することができる。 1-アルケンが基ポリマー構成成分に対して50%未満であること。 C=11以上の1-アルケンが基ポリマー構成成分に対して10%以下であること。 • One or more kinds of 1-alkene can be used. • 1-Alkene: Less than 50% in the base polymer components. • 1-Alkene with C11 or more: Not more than 10% in the base polymer components.

This statement is provided for informational purposes only and does not exempt the manufacturer from testing the final product in accordance with applicable regulations, especially regarding food contact. To the best of our knowledge, the information shared here is accurate and reliable based on the available sources, but it is the user's responsibility to assess its suitability. We cannot accept liability for any outcomes resulting from its use.

This document expires one year after the date of issue or if an update occurs sooner.
