Report on the survey results of our Product

The information about the following Product (*) is disclosed according to your request.

*TARFLON
IRY2200:All Color

<Result>

On the date when this document is made, our best knowledge is as follows.

【Statement of Per- and Polyfluoroalkyl substances (PFAS)】

1. This Product(*)contains "perfluorobutanesulfonic acid (PFBS) and its salts"
0.1%[w/w] or less as additive.

we have received information from the supplier that the following PFAS are present as impurities in "Perfluorobutanesulfonic acid (PFBS) and its salts" used in this Product(*),

- (1)Perfluorooctane sulfonic acid (PFOS) and its salts
The concentration in this Product(*) is calculated to be 25ppb[w/w] or less based on the information provided by the supplier.
- (2)Perfluorooctanoic acid (PFOA) and its salts
The concentration in this Product(*) is calculated to be 25ppb[w/w] or less based on the information provided by the supplier.
- (3)Perfluorohexansulfonic acid (PFHxS) and its salts
The concentration in this Product(*) is calculated to be 25ppb[w/w] or less based on the information provided by the supplier.

2. The other PFAS are not intentionally used as raw materials and are not intentionally added to this Product(*).

Sincerely yours,
