SVHC (Substances of Very High Concern)

A substance of very high concern (SVHC) is a chemical substance (or part of a group of chemical substances) for which it has been proposed that the use within the European Union be subject to authorization under the REACH Regulation (Annex XIV).

Indeed, listing of a substance as an SVHC (candidate list) by the European Chemicals Agency (ECHA) is the first step in the procedure for restriction of use of a chemical.

REACH requires companies to inform their commercial customers, if a chemical is identified in the list and if more than 0.1 percent is contained in their products.

According to the information provided by our suppliers we herewith confirm that the substances below are not intentionally used or added(*) during manufacturing of the above mentioned product/-s.

- Number of substances on the Candidate List: 233 (last updated: 17/01/2023)
[Candidate List of substances of very high concern for Authorisation](#)

The presence of the mentioned substance/-s has not been determined by chemical analyses so trace levels cannot be excluded.

REACH Annex XIV and XVII

XIV → Authorization List

XVII → Restrictions on the manufacture, placing on the market and use of certain dangerous substances, preparations and articles.

According to the information provided by our suppliers we herewith confirm that the substances below are not intentionally used or added(*) during manufacturing of the above mentioned product/-s.

(*) intentionally used or added:

Date of issue: February 01, 2023

REACH: SVHC / ANNEX XIV / ANNEX XVII

The presence of the mentioned substance/-s has not been determined by chemical analyses so trace levels cannot be excluded.

Intentionally used or added means to achieve a physical or chemical effect during processing of the plastic or in the final material or article; it is intended to be present in the final material or article.

This declaration replaces all previous ones relating to this subject.

The above mentioned product/-s is/are a Masterbatch/Compound for the manufacturing of articles for the plastic processing industry. This declaration is restricted to the material as it leaves the production facilities and it does not cover any substance subsequently added by the converter.

As the above mentioned product/-s must be further processed in order to make finished materials or articles, compliance with relevant regulatory requirements can only be demonstrated based on the complete formulation for the final article. This compliance work is the sole responsibility of the manufacturer of the finished material or article.

Nothing in this document is a guaranty, representation or warranty by the KAFRIT Group other than as to the regulatory information provided in this statement. This declaration does not modify any of the commercial terms of sale for this product.

We request you to keep this information strictly confidential and not to disclose any part thereof.

The document is provided electronically and is valid without signature.
