(*) intentionally used or added:

Intentionally used or added means to achieve a physical or chemical effect during processing of the plastic or in the final material or article; it is intended to be present in the final material or article.

This declaration replaces all previous ones relating to this subject.

The above mentioned product/-s is/are a Masterbatch/Compound for the manufacturing of articles for the plastic processing industry. This declaration is restricted to the material as it leaves the production facilities and it does not cover any substance subsequently added by the converter.

As the above mentioned product/-s must be further processed in order to make finished materials or articles, compliance with relevant regulatory requirements can only be demonstrated based on the complete formulation for the final article. This compliance work is the sole responsibility of the manufacturer of the finished material or article.

Nothing in this document is a guaranty, representation or warranty by the KAFRIT Group other than as to the regulatory information provided in this statement. This declaration does not modify any of the commercial terms of sale for this product.

We request you to keep this information strictly confidential and not to disclose any part thereof. The document is provided electronically and is valid without signature.
