

Various Substances Declaration

Products	BEETLE R106/N/50GFS
-----------------	----------------------------

We hereby confirm that UV stabilisers and latex are not intentionally present in the raw materials used as formulation ingredients in the above listed grades, nor are they otherwise introduced intentionally during their manufacture.

The possibility of trace levels of some listed substances being present as impurities in component raw materials supplied to us by third parties cannot be excluded but following our technical evaluation of the raw materials used in these compounds, none are expected to be present. Please note however that Polyram UK Ltd does not analyse all its incoming raw materials or finished products for the chemicals and substances detailed in this document.

This information is provided in good faith and is based on the supporting data provided by our raw material suppliers. It applies only to the listed compounds, as manufactured and sold as finished products by Polyram UK Ltd as finished products.

These finished products are supplied in sealed, lot traceable packaging unless otherwise agreed.
