

**Company: Polyram Plastic Industries Ltd.**  
**Company Address: Ram-on 19205 ISRAEL**  
**Sep 28, 2023**

## Declarations: RAMCLEAN 600

Polyram Plastic Industries LTD confirms that during manufacturing of the above mentioned products there is no use or intentionally incorporation of Persistent Organic Pollutant (POP) substances as define Stockholm Convention and Regulation (EU) 2022/2400.

The POP substance list is on:

<https://echa.europa.eu/list-of-substances-subject-to-pops-regulation>

and to its best knowledge those substances are not present in the base material..

### **Disclaimer:**

Although this product is not routinely tested for their presence of the different substances and elements, based on product composition knowledge these substances are not expected to be present.

However, the fact that these substances are not intentionally used by Polyram in this product does not exclude that tracelevels of these substances may be present as a result of the specific characteristics of the raw materials and/or of the manufacturing process.

Polyram Plastic Industries Ltd affirm that this declaration is accurate, to the best of our knowledge, as of the date of issue. The information given herein expires a year from date of issue.

**Sincerely yours,**

**Bothayna Jaramnah**  
**Regulatory Affairs Department**

**Important:** This information relates only to the above-mentioned materials as delivered in their original packaging. It does not relate to any product made of these materials with or without the inclusion of further additives, such as processing aids or colorants. To the extent that any hazards may have been mentioned in this publication, we neither suggest no guarantee that such hazards are the only ones that exist. This information should not be construed as a promise or guarantee of specific properties of the products described or their suitability for a particular application. Any existing intellectual property rights must be observed.
