PLEXIGLAS®/ACRYLITE® Edgelight Molding Compounds
PLEXIGLAS®/ACRYLITE® Hi-Gloss Molding Compounds
PLEXIGLAS®/ACRYLITE® Optical HT Molding Compounds
PLEXIGLAS®/ACRYLITE® proTerra M5 Molding Compounds
PLEXIMID®/ACRYMID® Molding Compounds

Dear Sir or Madam,

Product Stewardship Department of Roehm Group is monitoring global developments of chemical regulations. The restriction process for per- and polyfluorinated alkyl substances (PFAS) is currently in the step of provisional conclusions of **Committees for Risk Assessment (RAC) and for Socio-Economic Analysis (SEAC)** on the draft restriction proposal.

For our above-mentioned PLEXIGLAS®/ACRYLITE® and PLEXIMID®/ACRYMID® Molding Compounds we can confirm, that PFAS, PFOS, PFOA or PFOA-related substances have not been intentionally used in the manufacturing of our products.

However, we want to point out that the products are not tested with respect to the mentioned substances.
