Statement concerning REACH List of the Substances of Very High Concern (SVHC)

Grades: LDPE 15303-003; LDPE 15803-020

We would like to inform our valuable customers that none of the chemicals listed on the Current Candidate REACH SVHC List (Last Updated 17.01.2022; total 223 substances) are intentionally added as components in the manufacturing process of the mentioned above polyethylene grades. Therefore, these polyethylene grades manufactured by «Tomskneftekhim» LLC do not contain at levels greater than 0.1% (w/w) any substances listed in the Current Candidate List.

The Current Candidate List is available on the official website of the European Chemical Agency as <http://echa.europa.eu/web/guest/candidate-list-table>.

While we do not test each raw material we purchase, nor do we test our products for trace amounts of these substances, we do exercise good product stewardship practices and seek information concerning raw material composition from our suppliers. Based on information from our suppliers and knowledge of our process, we believe that the mentioned above our products do not contain these substances.

This statement does not cover

- any modification of our product resulting from the processing ex. by any addition of any other product to it or
- an inadequate use and/or storage of our product or the finished articles by the end user.
