Product Declaration-REACH Substance of Very High Concern (SVHC)

Dear valued customer,

According to Article 33 of regulation, (EC) No 1907/2006 ("REACH") suppliers of articles, which contain substances on the Candidate list in a concentration above 0.1% (w/w) have to provide sufficient information to allow safe use of the article to their customers.

SIDPEC herewith declares that our polyethylene grades (Egyptene) contain no substances from the candidate list of 241 (last updated: 27 June 2024) according to Article 59(10) of Regulation (EC) No 1907/2006 ("REACH) above 0.1% (w/w).

Be assured that our company will continue to monitor the REACH regulation from any new Substances of Very High Concern (SVHC) that may be included in subsequent ECHA candidate lists. SIDPEC will compare any newly listed SVHC with the raw materials in our finished preparation/mixture product lines and communicate this information to our customers.

This declaration is based on the best of our knowledge and is in accordance with the requirements of the Regulation (EC) No 1907/2006 ("REACH").

Please do not hesitate to contact us if you have further questions in the matter of this topic.

With best regards,

Chemist/ Ehab Abu Elenien
