Letter: ARP/22L00461
Request-ID: 2022-R0680

Feluy, 02/08/2022

Dear Sir,

Concern: POLYPROPYLENE LUMICENE® MR 10MX0, POLYPROPYLENE LUMICENE® MR 30MC2

The Proposition 65 List

This statement is in response to your request for information as to whether the above-mentioned product(s) contain Chemicals listed in the Proposition 65, California Safe Drinking Water and Toxic Enforcement Act of 1986, dated February 25th, 2022 (chemicals list that you can find at the following web address: <https://oehha.ca.gov/proposition-65/proposition-65-list>) (hereinafter referred to as Proposition 65).

We can hereby confirm that we do not use the chemicals mentioned in the above-mentioned list as additive as defined in Article 3 and that would justify a listing in Annex I of the Commission Regulation (EU) No 10/2011.

However, some trace amount of Dibutyl phthalate (DBP), may be present in some of our products, as catalyst modifier residues.

Furthermore we inform you that we do not test each grade we sell to check the potential presence of trace amounts of each chemical listed in the Proposition 65.

Thus, whilst we cannot make an absolute claim about the absence of Proposition 65 chemicals in the above-mentioned product, we believe that no warning is required under Proposition 65.

Our letter does not cover :

- any modification of The Product by any addition of any other product to it,
- any prejudicial modification of The Product resulting from a processing of The Product,
- an inadequate use and/or storage of The Product and of the finished articles.

The present letter is valid for a period of one year starting from the date first above written. It can then be renewed upon request.

We are at your disposal for any further information you may need and remain,

Yours faithfully,
TotalEnergies OneTech Belgium
