CERTIFICATE N° 38661

Feluy, August 14, 2019

POLYPROPYLENE Aceso® PPM H350 grade as produced in Europe**Toy applications – Toy Safety Directive (Directive 2009/48/EC) :**

We confirm that the above Product as supplied may be used to manufacture toys in compliance with relevant requirements of the Toy Safety Directive (Directive 2009/48/EC), as adopted by the European Council.

Specifically, the Product:

- is not manufactured with any **PHthalate** prohibited for use in toys, nor is any substance used outside of applicable restrictions under applicable Community legislation. In fact, di(2-ethylhexyl)phthalate (DEHP), dibutyl phthalate (DBP), butylbenzyl phthalate (BBP), di-iso-nonyl phthalate (DINP), di-iso-decyl phthalate (DIDP), di-n-octyl phthalate (DNOP) and di-ethyl phthalate (DEP) are not used in the manufacturing process above the REACH Annex XVII restriction on the use of these substances in toys and childcare articles (max. 0.1 % by mass of the plasticized material).
Nevertheless, we inform you that traces of di-isobutyl phthalate (DIBP) and di-ethyl phthalate (DEP), may be present in some of our Products, as catalyst modifier residues. These maximum residues would not exceed 1 ppm;
- meets applicable requirements set forth in Annex II, Part III, paragraphs 3 and 7 concerning the use of substances classified as carcinogenic, mutagenic or toxic for reproduction (**CMR**) of category 1A, 1B or 2 under Regulation (EC) No 1272/2008 above the restriction on the use of these substances in toys and childcare articles; moreover the Product is covered by and complying with the provisions for food contact materials set out in Regulation (EC) No 1935/2004;
- meets the limit on **allergenic fragrances** content set forth in Annex II, Part III, paragraph 11. We can hereby confirm that we do not use “allergenic fragrances ” in the manufacturing of the above Product;
- meets migration limits on **heavy metals** and other substances set forth in Annex II, Part III, paragraph 13 ; moreover, we hereby confirm that the above Product meets the relevant requirements of European standards EN 71-3 2019, entitled “Safety of Toys – Part 3 : Migration of certain elements“. The above Product meets the relevant requirements of this standard because every time analyses were performed on this Product (or a specimen representative of this material), results were below the prescribed limits;
- meets the relevant requirements of European standards EN 71-9, September 2007 “Organic Chemical Compounds - Requirements”;
